Broker's Comments:

The Malo 39 is a model that is perfectly suited for 2-4 people that like sailing and spend extended time on-board. The hull shape offers great sea going comfort. The craftsmanship from Malo is just fantastic. The interior is made of high quality mahogany.

Malo 39 ZARZURA was delivered in 2002. It has been sailed and enjoyed by its current (first) owners in the waters of Scandinavia – mostly during summer time. It has always been stored inside during winter and has been serviced by the Broderna Martinsson yard in Svineviken, which is one of the reasons why the general condition of this yacht is good for its age.

Malo 39 ZARZURA was specified and built to offer comfortable and efficient sailing for a small crew or a couple. The furling mainsail and two headsails make sail handling efficient, safe and manageable by a small crew in any weather conditions.

The layout includes a forward owner's cabin, a separate shower cabin, saloon with two sofas, guest cabin, galley, navigation table and heads with shower. Compared to many other yachts in this size the amount of storage is amazing.

The bow thruster (95 kg) and the 54 hp Yanmar engine provides the power you need in any situation. The navigation system includes an autopilot, radar, plotter, 4 x sailing instruments, VHF, Navtex and an interface for connection to a computer.

If you are searching for a well-kept, solid and sea going cruising yacht, do not miss out Malo 39 ZARZURA!

Key Facts:

- Very well maintained, first owner yacht.
- Always stored inside during winter and serviced by Broderna Martinsson yard.
- Sleeps 4 persons in 2 cabins.
- Separate shower cabin.
- In-mast furling.
- Twin head sails.
