Hull Material	GRP
Engine	1 x Yanmar 3YM20, 21hp
Builder	Hallberg-Rassy AB
Designer	German Frers
Accommodation	6 berths in 2 cabins & saloon

## BROKER'S COMMENTS

The Hallberg-Rassy 310 is an elegant, fast and easily maneuverable cruiser. The collaboration between German Frers and Hallberg-Rassy has been highly successful, resulting in a yacht with beautiful hull lines and a modern sail plan. As a result, 132 boats have been produced at the renowned yard in Ellös. This is a true Hallberg-Rassy model with all the typical details found on their larger models, such as a windshield, integrated rubbing strake, teak toe rail, and lead keel. Everything is packaged very tastefully in these 31 footer; they are a dream boat for sure!

Hallberg-Rassy is renowned for their ability to create ample space in their yachts, and this holds true for the Hallberg-Rassy 310 as well. The layout offers accommodation for up to 6 people, spread across two cabins and convertible sofas in the saloon. The interior is made of light mahogany, which, combined with good natural light, gives a surprisingly spacious feeling when you step down below. Directly to starboard at the foot of the companionway is the galley with ample storage and a stove with oven. Both the aft and forward cabins are generous in size and offer double berths and storage space. In the saloon, there is a table with folding sides and two sofas, and a protective mat covers the floor. The toilet is bright, spacious, and comes with a composite countertop. There are 11 portlights and 4 deck hatches aboard, all of which are openable and provide excellent ventilation.

The cockpit offers ample space for the whole crew, with easy access to the bathing platform through the aft opening, which can be sealed if required. The Hallberg-Rassy 310 is not only visually striking with its generous interior and cockpit spaces but is also a proven performer, triumphing in its class at the prestigious Tjörn Runt sailing race.

This Hallberg-Rassy 310, ELLIDA has lived her life on the east coast and is still sailed by her first owner. Service and winter storage have been provided by Oxelösunds Båtvärv, which, along with the brackish waters of the Baltic Sea, has kept her in very good condition. ELLIDA boasts an equipment level typically found on larger yachts. She features both a furling mast, bow thruster, and teak deck. Tiller steering not only provides a delightful sailing sensation, but in the raised position, it also offers a cockpit with superior size. This Hallberg-Rassy 310 is an ideal luxury cruiser for the Swedish archipelago, but she can take you much farther if desired.

### Key Facts:

- Furling mast from Selden Mast.
- Yanmar 3YM20 engine.
- 6 berths in 2 cabins + saloon.
- Tiller steering.
- Bow thruster.
