Builder	Beneteau
Designer	Beneteau Power/M Joubert & B Nivelt
Interior Design	Pierre Frutschi
Accommodation	6 berths in 3 cabins

BROKER'S COMMENTS

The Beneteau Swift Trawler 50 is designed to offer you and your family an unparalleled experience at sea, with all comforts onboard. The trawler concept is the perfect choice for long-distance cruising but she is much more than a yacht; she is an optimal floating 'summer residence'. With innovative design, seaworthiness, and exceptional equipment, there are endless possibilities to explore new places. The Swift Trawler 50 comfortably accommodates everyone onboard, with 2 very spacious cabins; the Owner's cabin amidships and a double cabin forward, along with a guest cabin with bunk beds between them. All of this, along with 2 bathrooms, is located on the lower deck, leaving ample space for social activities on the main deck.

Launched as the flagship of this smart range of yachts from Beneteau, the Swift Trawler 50 is powered by twin Volvo D6 engines with IPS drives, making it easy to handle, even with a small crew, thanks to the bow thruster and Volvo's innovative DPS system. You can control the yacht easily with the joystick from the helm, flybridge, or the additional control station in the cockpit. The model features high bulwarks protecting the entire deck, and the visibility from both the wheelhouse and the flybridge is outstanding. From the cockpit, you can access the large swim platform, where a hydraulic gangway is concealed in the transom. The flybridge offers both a seating area with a table and an open space where sun loungers and a grill are located, all much appreciated by all onboard during warm days.

The interior of the Swift Trawler 50 resembles a bright, airy, luxurious apartment more than a yacht. The saloon space is completely open, offering an expansive living area with sliding doors to the aft deck. Of course, the space can be divided and converted into an additional cabin. The galley has high overhead cabinets and is equipped with an electric stove, built-in fan, and large fridge and freezer units. There's also a wine cooler, ice maker, and microwave. The model offers a variety of options for summer activities and lazy days at sea. At the stern, there is a large lazarette for bikes and diving equipment, accessed via a large hatch in the cockpit or a watertight door at the transom. This aft compartment can also be converted into a crew cabin.

TOTEM comes with an outstanding equipment list, as the owner has ticked all the boxes. In addition to the generous standard equipment, you'll find a generator, water based heating system, air conditioning, electric grill on the flybridge, and full Raymarine navigation equipment. She has been used sparingly and pampered with full service and winter storage at Vindö Marin on Orust. This Swift Trawler 50 is in mint condition and will be delivered launched and ready for the season. Welcome to a viewing - your adventure starts here!

Key Facts:

- Fully equipped yacht in excellent condition.
- 3 cabin version, 2 heads.
- 2 x Volvo D6 IPS 600.
- IPS control in cockpit.
- Raymarine navigation equipment.
- Generator.

OWNER'S COMMENTS

Extremely comfortable yacht for extended coastal cruising with probably the largest living space and storage in it's class. Controls are perfectly suited for easy manoeuvring for a cruising couple or even single handed. My wife and I have regularly spent a couple of months aboard with all the comforts of home, exploring the coasts and inland waterways of Europe.

CONSTRUCTION

RCD Status: The yacht conforms with the essential safety requirements of Directive 94/25EC or RCDII (2013/53/EU as appropriate (Recreational Craft Directive) and is categorised B – 14 persons, C – 18 persons.

Hull, Deck & Superstructure Construction:

- White hull and superstructure with grey trimline.
- Hull and deck in GRP, sandwich construction.
- Structural hull counter moulding in monolithic laminate.
- Guard sheer rails for hull protection.
- Stainless steel and teak cockpit surround.
- High bulwarks surrounding of the deck.
- Access door to lazarette from transom.
- Teak on deck, cockpit and bathing platform.
- Hydraulic swim platform, max 350kg.
- Foldable gangway, hydraulic (Besenzoni).
- Dinghy console at platform.

MACHINERY

Engine & Gearboxes:

- 2 x Volvo D6 IPS600, 435hp.
- IPS drive.
- Engine room sound protected.
- Extinguishers with remote control.
- Inert gas system.
- 2 x electric engine hold ventilators.
- Air intakes.
- Diesel pre-filter.

Maintenance & Performance:

- Engine hours approx 1055 @ September 2024.
- Annual service for engine, generator and IPS drives.

Propulsion & Steering:

- IPS, 2 x Duoprops propellers.
- Dual steering positions.
- IPS and bow thruster cockpit control.
- Electric steering.
- Dynamic position system, virtual anchor (Volvo DPS).
- Bow thruster (Quick).
- Trim tabs, electric.
- Volvo EVC instrument.
